To whom it may concern

Subject: Letter of Recommendation

This is to certify that Messrs "**Dalal Steel Industries**" has carried out the execution of the following projects in favour of the Agency:

1. Design, planning, manufacturing, delivery and erection of 3 prefabricated schools of 24 classrooms each. The buildings were constructed in 3 floors structures with all related distribution areas and staircases. In addition it was supplied with the needed toilet blocks and canteens. (2007)
2. Design, planning, manufacturing, delivery and erection of a prefabricated health center for Naher Bared camp in North Lebanon. The clinic was supplied with all necessary specifications needed for such premises.(2007)
3. Design, planning, manufacturing, delivery and erection of 300 housing units for accommodation of displaced refugees from Naher Bared camp. The compound was constructed in 2 floors structures with needed distribution areas and staircases. (2008)
4. Design, planning, manufacturing, delivery and erection of an office compound for the agency offices in NBC camp.(2007)
5. Design, planning, manufacturing, delivery and erection of a set of offices and meeting halls for the operating NGOs in the adjacent areas at NBC camp.(2008)

These entire projects were executed in a very professional manner through the company personnel who proofed to have the professional capacity in carrying out such kind of structures.

Dalal steel industries were able to execute the works within the time line set out for completion of projects, meeting deadlines and helping in solving lot of problems for the community.

The coordination and collaboration noticed from this firm was appreciated by the agency.

This certificate was issued upon the firm's request.
